

COVID 19 Training Guidelines

Equinox Training has resumed offer our training courses, we will be offering in house courses from third week in June. 22nd June onwards.

As on site accommodation is starting to become available we are now offering on site courses also, from second week in June. 15th June.

Equinox Training has adapted its working environment in light of the current Covid 19 guidelines.

Our primary focus is the well-being of our staff and customers.

Following Precautions are being taken

Training environment.

The number of workstations has been halved to a maximum of 6.

All training work stations have at least 2 metres distancing and adequate thoroughfares have been created so delegates can freely move in and out of training rooms maintaining 2 metre distancing.

Delegates are instructed to maintain 2 metre distance at all times.

Delegates leave and enter training environment one at a time to maintain distancing.

All common surfaces are anti bac cleaned at end of day and training rooms locked to stop contamination.

Anti Bac gel is provided at entry points to training room and delegates encouraged to use them on entry and exit.

PPE is provided if requested, gloves, masks etc.

Staff and delegates are temperature tested on entering training premises.

Anti bac wipes are available for delegates to wipe down their equipment as necessary.

All delegates are provided with their own set of equipment (PLC, Laptop, Simulator)

Equinox Training Solutions Ltd

All training equipment laptop, PLC and simulator are cleaned down at the end of each day and as necessary if a delegate deems appropriate.

Our instructors can remotely access a delegate's laptop should they require remote assistance.

Instructors have been taught how to work in close quarters with delegates to prevent close contamination.

All non-electronic course material is protected from cross contamination when produced and handled.

All training rooms are well ventilated during training.

We are currently not providing course lunches and delegates must provide their own refreshments.

On site courses
